Dr Azrul briefed the visiting team and said that Scouting is not compulsory in the country. Out of 60 million young people of Scout age, only about one-third or 20 million boys and girls have joined scouting.

He further explained the aspects of the revitalization process since 2006 having three main aspects: first is organizational which includes strengthening one association through law. Second is strengthening of the educational dimension of scouting and lastly, the emphasis on self-reliance. He added that the first aspect has been implemented. In terms of education, five dimensions are integrated into all sectional youth programmes supported by materials including translations of WOSM publications into Bahasa Indonesia.

Bangladesh Chief Scout passes away

We are sad to announce the passing away of the Chief Scout of Bangladesh HE Zillur Rahma. The Regional Scout Committee at its meeting in Jakarta on 23rd observed a minute of silence and conveyed its condolences to the members of Bangladesh scouts as well to the family of the late Zillur Rahman.

The Chief Scout's invaluable contribution and support to Scouting at national, regional and world levels, will surely inspire many people and his passing away is definitely a loss to the Scout Movement.

Scouts' immediate response to Bangladesh' biting cold

Cold wave gripped Bangladesh's northeastern regions since mid-December last year prompting Bangladesh Scouts to respond.

Scouts, Rovers and adult leaders distributed 26,500 blankets to victims, in collaboration with the United Nations Development Programme in many worst-hit areas.

Before the distribution, Bangladesh Scouts had preliminary work through house-to-house visits, preparing the list of beneficiaries, including the so-called "floating people."

Also in other areas, Scouts and Rovers from Dhaka Rover district and Daffodil International University Scout Group collected clothes and blankets for distribution to affected people. A total of 28,000 victims have been assisted since January.

Cambodian Scouts hold their first historic national camp

Cambodia Scouts held its 1st National Scout Camp at Chitapich Mountain, Kirivong District, Takoe Province under the theme "Building today for tomorrow!". There were 300 Participants from five municipalities and provinces as well as from Phnom Penh, Takoe, Kandal, Kampot, and Kampong Speu. This is the first Scout Camp in the history of Scouting in Cambodia. The recent group of first wood-badge holders of Cambodia Scouts comprised the camp organizing committee.

H.E Srey Ben, Governor and President of Cambodia Scouts of Takoe, together with H.E Kong Uok, Vice President of Cambodian Scouts graced the colourful opening ceremony. Mr Tuon Siphann, Vice President of Cambodian Scouts and International Commissioner, and many other scout leaders and guests also attended. For three days and two nights, the participants took part in life skills activities and worked in patrols. They rendered community service and had briefing sessions on Messenger of Peace and the MoP Network.

Cambodian Scouts became a full member of WOSM in 2008 and since then a number of national workshops have been held in the country including regional workshops. Currently the Cambodian scouts are actively working on the construction of a Scout Centre within the vicinity of a world heritage centre with funding from Boy Scouts of America.

Scouting contributes to good citizenship

In his address at the inauguration ceremony of the 14th National Council Meeting in Kathmandu, Nepal's Prime Minister and Patron of Nepal Scouts Dr Baburam Bhattarai said Scouting contributes to good citizenship and saw Scouting as important to young people, considering the present situation of the country.

Joining the Prime Minister was the Ministry of Youth and Sports Secretary Mr Hari Prasad who assured supporting Nepal Scouts in implementing its programme. A National Council meeting was held after the inauguration where national secretaries presented their annual report.

Prime Minister Bhattarai also urged Nepal Scouts to give special attention to the upcoming 2nd National Scout Jamboree, from 10-15 April 2013 this year in Tikauli, Chitwan district where the Prime Minister will be the Chief Guest. The 2nd national jamboree is a historical event after a gap of 26 years. Chief Commissioner Shree Ram Lamichhane said that Nepal Scouts will give their best to provide the participants a good Jamboree adventure.

Scouts NZ Community Project

Rather than let any excess or un-harvestable garden or orchard produce go to waste, the Scouts delivered flyers around Hokowhitu householders letting them know they would come and gather up garden crops as part of a community service project. If people have too many tomatoes, for instance, the produced is passed on to the Salvation Army Foodbank. If there are elderly, ill or disabled people who are unable to pick their own produce, the scouts will harvest it for them so they can enjoy the fruits of their garden.

Supported by parents, and equipped with ladders and wheelbarrows, the Keas, Cubs, and Scouts turn up on the evening of Thursday, March 7 to do their community project. With 70 people involved in the group, the parents provided support in transport, and lifting the barrows and supervising.

15th International Adventure Programme

15th International adventure Programme was held at National Adventure Institute Panchmarhi, India from 16th to 25th February. A total of 228 adventure lovers participated including 212 from India, 11 from Bangladesh and 5 from Sri Lanka.

Besides adventure, participants prepared various types of dishes without using utensils as their backwoodsman cooking. On 22nd February, Thinking Day was observed as a tribute to the Lord and Lady Baden Powell. Using the nature rich environment, participants had rock climbing, rappelling, valley crossing, archery, air guns shooting, rifle shooting, and horse riding. The adventure ended with an all-faiths prayer meeting.

Another Scout Movie opens in Jakarta

After the success of "Lima Elang" (Five Eagles), a Scout movie released in 2011 to commemorate 50th anniversary of Gerakan Pramuka (Indonesia Scout Association), another Scout movie is now in theaters across Indonesia.

The film "Hasduk Berpola" (Patterned Neckerchief) talks about the love within the family and how that love can make you sacrifice to support one's dream.

The 100-minute film started by unfolding the life of Masnun, a veteran ex-fighter during Indonesia's fight for independence in 1945, and living with his widow daughter and grandchildren Budi and Bening. Although he made a significant contribution to his country, he is living in poverty. Unfazed by poverty, his grandson Budi was determined to continue being an active Scout despite not having the money to buy Scout supplies he needed for activities.

Bening, seeing her brother's passion for Scouting along with his struggles, decided to give up her favorite bed linen to make a Scout neckerchief for her brother. The love and friendship the siblings have for each other allowed that Scouting dream of Budi to continue.

During the visit of World Scout Foundation Executive Director John Geoghegan in Indonesia last year, he saw the official trailer of the movie and gave the trailer a "thumbs up." John said the film speaks about Scouting spirit to never give up and the willingness to help at all times. "The movie is very inspiring to young people. The values and spirit of peace that exist in the film fits with our current program Messengers of Peace," John said.

John asked the film director Harris Nizam to be a Messenger of Peace and even gave his MoP neckerchief. Harries said that he was pleased to be a Messenger of Peace, and felt that it was a challenge to

improve more on his work in the future.

The movie premiere opened in Planet Hollywood XXI Theater in Jakarta on 19th March 2013, attended by Gerakan Pramuka key scout leaders. *By Berthold Sinulan, APR Honorary Correspondent/WOSM Correspondent*

The Kumbh Mela, believed to be the largest religious gathering on earth, is held every 12 years on the banks of 'Sangam' the confluence of the holy Rivers Ganga, Yamuna and the mythical Saraswati.
