Khewra Salt Mine is Pakistan's largest and oldest salt mine and the world's second largest. It is a major tourist attraction that reportedly draws up to 250,000 visitors a year.

### **Indonesian Scouts public declaration for Messengers of Peace**

The sun was shining brightly in Papua Province, Indonesia on 14th October 2012 as more than 5,000 Rovers and senior Rovers stood in front of the office of the Governor of Papua signing the MoP declaration "Scouts the Messengers of Peace."

The signing ceremony demonstrated their public declaration of their commitment to support peace in Indonesia and the rest of the world.

With the help of Scout leaders, MoP Indonesia Program Manager Sri Gusni Febriasari organized two types of MoP activities: MoP intervention/promotion session and the MoP exhibition. The intervention had two sessions a day while at the exhibit area, participants wrote their commitment to be peace messengers. These commitment papers were placed on the wall forming like a tree. ### **Bhutan recognizes role of adults in Scouting**

Bhutan Scout Association (BSA) has committed to enhance Adults in Scouting during the consultancy with key leaders in Thimphu from 11th to 17th October 2012. The concept of consultancy is under WOSM's priority on "Global Support" and eventually became a project of MoP on capacity building. The consultancy focused on two areas: establish a national award system for adults and develop a plan to institutionalize the issue of warrants for adult leaders and honorable charges for trainers.

Overseas resource speakers were Mr Au Yeung Chi-Yuen from the Scout Association of Hong Kong, Mr Manuel Isidoro III of Boy Scouts of the Philippines and Mr Thian Hiong-Boon of APR office. Following the visit, the Bhutan Scouts commits to work on the awards recognition scheme and to institutionalize the adult appointment system.

### **Looking for more Messengers of Peace at a Moot**

"Skills and good character are the main capital to succeed in life," were the words of the Vice-President of the Republic of Indonesia, H.E. Prof Dr Boediono at the opening of the 10th National Rover Moot at the Cenderawasih Scout Camp in Papua, eastern part of Indonesia on 10th October 2012.

Before a crowd of over 5,000 participants, the Vice-President Boediono further said, "I am very proud that all of you have participated actively in the Scout Movement. Trust me that there are many lessons and experiences in Scouting that are useful in life."

Chief Commissioner Dr Azrul Azwar explained that the National Moot was designed to use creative, recreational and productive methods. One of the highlights "Scouts are Messengers of Peace" encouraged participants to have a dream for themselves that one day can become a powerful testimony of their life. It also means that when one begins with a dream, and puts that dream into action, it can become an inspiring story to other Scouts which qualifies him/her to be a Messenger of Peace.

Sri Gusni Febriasari as Program Manager Messenger of Peace Indonesia briefed participants about the three key words: Dream, Do and Share. One of the peace messengers was Joshua Simonsabra, former Chairman of Papua Provincial Rover Council, an entrepreneur who opened a restaurant inside the campsite. Joshua said that he begun his restaurant with a dream. He recalled that several years ago, on his way from Jakarta to Papua, he dreamed of how he can maximize the campsite, not only for camping activities. With the permission from the local government, he put up a restaurant inside the campsite that now gives jobs to people living around the area. *By Berthold Sinaulan, APR Honorary/WOSM Correspondent, Gerakan Pramuka, Indonesia*
